

1. Yes, I actually have three dogs. I have a 2.5 acre ranch where the dogs play. Before I had this property I had a dog that I used to walk around town and I used to take to Poplar Beach.
2. I think dogs should be able to be walked on a leash around town, Poplar Beach, Beach Trails, Coastal Trails and of course at the dog park(off-leash).
3. I think dogs should be able to walk pretty much anywhere if they are leashed. I understand some dogs are well trained but for safety I think dogs should stay on a leash unless they are at a dog park.
4. Having a dog park is very important for our community.
